Trying to find Pentabus

Hi there,

I'm trying to track a little known Ross-on-Wye based hard rock band called PENTAPUS who were operational in the early 1980s. Wonder if any of the locals remember them. Unfortunately, I don't have info on their personnel, not even one surname. They contributed one song, "Breakout", to the compilation album "Metallic Storm", released by Ebony Records in 1983. Can anyone help?

Best regards
Oleg
